ABOUT ME

I am a final-year B. Voc Multimedia student at St. Mary's College, Thrissur, passionate about UI/UX design and development. With a strong foundation in design principles and front-end development, I aim to create intuitive and engaging digital experiences. My skills in Adobe Photoshop, Illustrator, and Figma allow me to craft visually compelling designs, while my knowledge of HTML, CSS, and JavaScript helps me bring these designs to life. I am enthusiastic about exploring new trends and continuously improving my skill set to stay ahead in the rapidly evolving field of UI/UX design. I am currently seeking an internship where I can apply my skills and continue learning in a professional environment.
